

BBMHC Collaborates with Bethesda Hospital

- Strategy 2.4 of Bethesda Hospital Community Needs Assessment states: Collaborate with the Boynton Beach Mental Health Committee
- Continue to be engaged as a member of BBMHC
- Develop a campaign to promote mental health awareness
- Refer individuals at discharge to follow-up with behavioral health needs of patients
- In collaboration with other community agencies, provide mental health lectures educating community residents on mental health and the importance of accessing MH services.
- Develop and disseminate a resource guide with mental /behavioral resources accessible to residents of Bethesda Hospital service areas.
- Webpage through BBMHC.
